CAREER OBJECTIVE

- Seeking an entry-level software engineer position in Software Industry, where I can contribute to exciting projects and grow my skills in a collaborative, innovative environment

EDUCATION

B.Tech in Computer Science and Engineering (SM&D)

CGPA: 9.55

📅 2021 - 2025

📍 KL University, Vijayawada

Intermediate (MPC)

94%

📅 2021

📍 SASI junior college, Nallajerla

SSC

92%

📅 2019

📍 SASI English Medium High School

PROJECTS

SSC: Advanced Job Consulting System

📅 July-November 2023

Technology Stack: Python, Django, MongoDB, Git

- Created a responsive web application for online job consulting system using mern stack. Its user-friendly interface, advanced features, and use of cutting-edge technologies make it a powerful tool in the field of online job consulting.

Mobile Application for malware detection

📅 June-July 2023

Technology Stack: HTML, CSS, JavaScript, Java, Spring MVC

- A web application designed for malware detection, providing users with a secure and efficient tool to scan and identify potential threats. Spring MVC for the back-end architecture with response time under 50 milliseconds for all APIs. Implemented Login, Signup, Create Tweet, Follow User like 10+ more features..

SSB: Online Bidding System

📅 Jan-May 2023

Technology Stack: HTML, CSS, Java, Enterprise programming

- SSB, the Online Bidding System, is a sophisticated web application that facilitates the process of online bidding for various products or services. Allows users to place bids, withdraw bids, and set maximum bid limits. Implements bidding rules and timers for fair and transparent auction processes.

TECHNICAL SKILLS

Python Java Solidity Programming

HTML CSS Javascript SQL

Django React

PostgreSQL AWS GCP IaC

CI/CD Agile Methodologies

Software Development Life Cycles

TOOLS

Selenium VS Code GitHub Jenkins

Azure Devops Ansible Jira TestRail

SOFT SKILLS

Communication Skills

Collaboration and Teamwork

Analytical Thinking

CERTIFICATES

- Agile Leadership
- Software Engineering
- Red Hat Enterprise Application Developer
- AWS Cloud Practitioner

HACKTHON'S

National Hackthon

SIH 2023

📅 December 19-20

📍 Runner Up

VIRTUAL INTERNSHIP

AWS Cloud

AICTE

📅 May-July 2023
